Reading Comprehension

Read the following passage and answer the questions that follow.

Once, there were two fishermen who were close friends. One Saturday, they spent time fishing at a nearby lake. They brought along their fishing rods, worms as baits and ice boxes.

When they were there, they sat at a distance from each other and started fishing. The first fisherman got a big and beautiful fish in a few minutes. He was very happy and placed the fish in the ice box to retain its freshness.

After an hour or so, the first fisherman wondered if his friend had caught anything. As he approached the second fisherman, he saw that his friend had captured a large fish. However, he put it back into the lake. The first fisherman was surprised by his act. He remained silent. The second fisherman captured four more big fishes but again, he just put them back into the lake.

Very annoyed by his act, the first fisherman questioned the second fisherman, "Why do you put your fishes back into the water? They are beautiful and big!"

The second fisherman replied, "I don't have a big pan to cook the big fish! I'm looking for a smaller fish that fits my cooking pan!" Upon hearing this, the first fisherman advised his friend to cut the big fish into smaller pieces to solve his problem.
