Section G : Comprehension (5 marks)

Read the passage carefully and answer the questions which follow. Write your answer for question 29 in complete sentence.

Ben went for his usual jog last Friday evening. He was surprised to see a crowd gather near a large drain at the park. Some were using their mobile phones to take photographs.

Being curious, Ben decided to jog towards the drain to take a closer look. He was amazed to see a family of four otters in the drain. They looked adorable but seem fearful to see the large crowd. Two big otters tried to climb out of the drain. After a few tries, they finally succeeded. They helped the two smaller otters up the drain by giving them a hard push.

One boy tried to touch the otters but he was stopped by an elderly man. "Leave them alone or they might bite," said the elderly man. I heaved a sigh of relief when the man stopped the boy in time.

I learnt that the otters belong to the environment and we should give them space and let them remain in their habitats.
