Question 2A

You are given a packet of buttons. Observe the buttons carefully and answer the questions.

The buttons are labelled A, B, C, D, E, F, G and H.

State two characteristics of the buttons. *An example has been done for you.*

Characteristic 1: *They are of different colours.*

Characteristic 2: *Some are smooth and some are rough.*

Other than the characteristics stated above, write down two other characteristics that you can observe. [2]

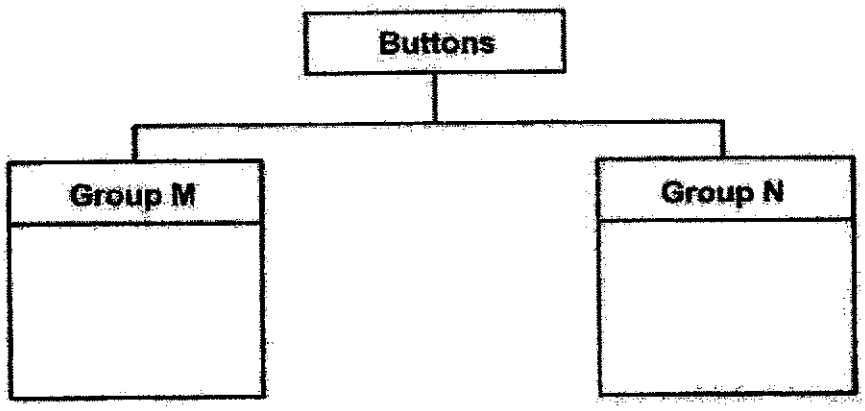

Characteristic 3: _____

Characteristic 4: _____

Question 2B

Classify the buttons into two groups, M and N.

Write down the letters (A, B, C, D, E, F, G and H) in the boxes below to show how you have classified the buttons. *(Do not compare the size of the buttons.)* [1]

Based on your classification, write down suitable headings for Groups M and N. [1]

i) **Group M:** _____

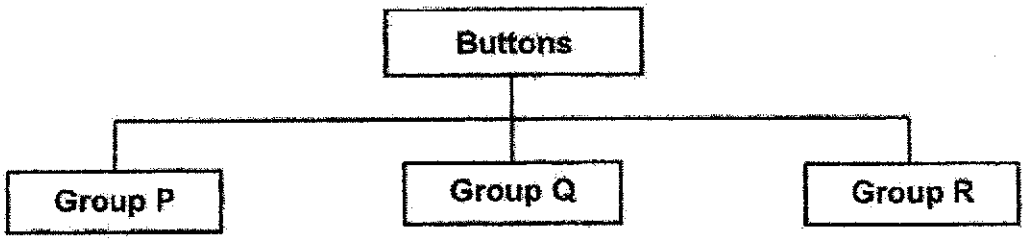

ii) **Group N:** _____

Question 2C

Now, classify the buttons into three groups, P, Q and R, as shown below.

Based on your classification, write down suitable headings for groups P, Q and R.
(Do not compare the size of the buttons.) [1]

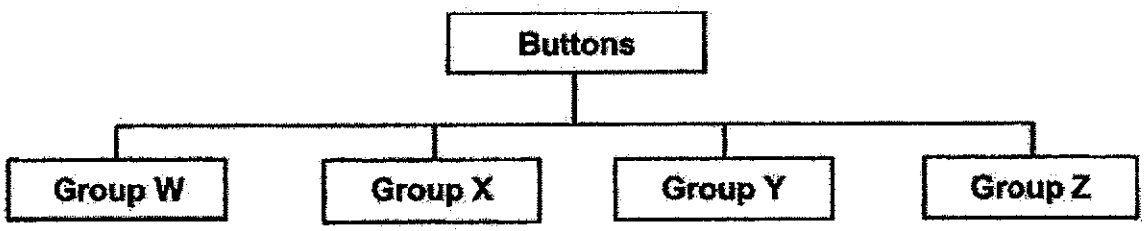

i) **Group P:** _____

ii) **Group Q:** _____

iii) **Group R:** _____

Question 2D

Now, classify the buttons into four groups, W, X, Y and Z, as shown below.

i) Based on your classification above, state one property that you used to classify the buttons into Groups W, X, Y and Z. [1]

_____

Now, raise your hand and ask your teacher for **Button J**.

ii) Observe **Button J**. Are you able to classify **Button J** into groups W, X, Y or Z? Explain your answer. [1]
