Bottled water is a convenient choice when you need a quick drink. However, have you ever wondered where it comes from and why it (26) _____ so much?

In some places, people depend on bottled water because it is (27) _____ to drink tap water. However, bottled water is not always better or (28) _____ than tap water.

Bottled water comes from lakes, springs or underground water. On average, manufacturers need 3 litres of (29) _____ to make one litre of bottled water. They need to buy the water and the bottles and pay their workers to fill the bottles with water.

After drinking, the plastic bottles often end up in landfills or oceans, polluting the environment and harming wildlife. Thus, choosing tap water helps consumers to (30) _____ money, and also helps to reduce plastic waste and protect the planet. A simple switch to tap water can create a cleaner and more sustainable future.
